PROCEDURES

GENERAL ORIENTATION PROCEDURES

Orientation is hosted on the second last day of Term 4 for new and returning families. Dates and times are shared with families in a timely manner to ensure they can plan accordingly. Additionally, families will be allocated into smaller groups for the first session of Term 1 to support a smooth transition into the kindergarten environment.

During orientation, families will be provided with the following information and support:

- Suggestions for developing and maintaining a routine for saying goodbye to their child.
- Reassurance that:

- They can leave their child initially for a shorter day, gradually increasing the length of time.
- They may call and speak to their child's early childhood teacher or educator(s) at an agreed time.
- The early childhood teacher/educators will keep them informed on how their child is settling in.
- They will be informed about any changes or circumstances which may affect them or their child.

Additionally, families will be referred to the following documents for further information:

- Refer to [Attachment 2](#) for the general kindergarten registration and enrolment procedures
- Refer to [Attachment 4](#) for cancellation of enrolment and non-attendance procedures.

ENROLMENT CRITERIA

St John's Kindergarten follows the Department of Education's Priority of Access criteria. Refer to [Attachment 1](#) for the eligibility and priority of access criteria for 3 and 4-year-old funded kindergarten programs.

ALLOCATIONS

In the circumstance St John's Kindergarten runs more than one sessional group for either three-year-old or four-year-old kindergarten, families will be asked to provide preferences for which sessional group they would prefer when completing the enrolment form. This process will require families to select, from the options provided, their preferences for their child's kindergarten sessional group. Consideration is given to family commitments, such as work or ongoing child health appointments, and the kindergarten aims to provide families with their desired preference but can not guarantee every family's first choice.

BACKGROUND AND LEGISLATION

BACKGROUND

The [Education and Care Services National Regulations 2011](#) require approved services to have a policy and procedures in place in relation to enrolment and orientation ([Regulation 168\(2\) \(k\)](#)).

All eligible Victorian children ([refer to Definitions](#)) will have access to two years of Free Kinder before commencing school. Where demand is higher than availability, approved providers must adhere to their eligibility and DE's Priority of Access criteria ([refer to Definitions and Attachment 1](#)) in order to allocate the available places. The criteria used to determine the allocation of places takes account of the requirements set out in DE's Kindergarten Funding Guide ([refer to Sources](#)), the service's philosophy, values and beliefs, and the provisions of the [Equal Opportunity Act 2010](#). The Victorian Government requires funded organisations to ensure that their policies and procedures promote equal opportunity for all children. Services participating in a central registration and enrolment scheme are required to comply with the registration and/or enrolment procedures of that scheme.

The Central Registration and Enrolment Scheme (CRES), co-designed by DE provides access to families to register for and secure a place for their children in kindergarten. It is a collaborative model that brings together councils, service providers, MCH staff, support services and other stakeholders to support children and their families. Currently more than half of all local councils across Victoria operate a form of central enrolment or central

registration scheme. These schemes provide a single point of entry for families, simplifying the kindergarten enrolment process and improving equity of access.

Immunisations are an effective means of reducing the risk of vaccine preventable diseases. Early childhood education and care services which are regulated under the [Education and Care Services National Law Act 2010](#) and [Education and Care Services National Regulations 2011](#) have legislative responsibilities under the [Public Health and Wellbeing Act 2008](#) to only offer a confirmed place in their programs to children with an Australian Immunisation Register (AIR) Immunisation History Statement (*refer to Definitions*).

DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms e.g. approved provider, nominated supervisor, notifiable complaints, serious incidents, duty of care, etc. refer to the Definitions file of the PolicyWorks catalogue.

Access to Early Learning (AEL): is an early intervention program for a child who is at least three years old on April 30th in the year of enrolment. It aims to provide intensive support to eligible families with multiple and complex needs, assisting them to access universal kindergarten programs.

Australian Immunisation Register (AIR) Immunisation History Statement: The AIR is a national register administered by Medicare that records all vaccinations given in Australia, including to children. In the case of medical contraindication, an authorised medical practitioner completes and signs a Medical Exemption Form and supplies it to the AIR (previous forms of documentation, for example a letter from a GP or local council, are no longer acceptable).

Authorised nominee: (In relation to this policy) is a person who has been given written authority by the parents/guardians of a child to collect that child from the education and care service. These details will be on the child's enrolment form.

Children/families experiencing vulnerability and/or disadvantage (in relation to this policy): children are vulnerable if the capacity of parents and family to effectively care, protect and provide for their long-term development and wellbeing is limited. Some factors which may contribute to a child experiencing vulnerability include: a child with a disability; living in a family with a low income, or one which is experiencing problems with housing, domestic violence, substance abuse, or mental health; known to child protection; in

statutory out-of-home care; Aboriginal and/or Torres Strait Islander, having a culturally and linguistically diverse background; having a young or sole parent, or a parent with a disability (adapted from the Kindergarten Funding Guide)

Children with additional needs: Children whose development or physical condition requires specialist support or children who may need additional support due to language, refugee or asylum seeker experience, complex trauma, cultural or economic circumstances (*refer to Inclusion and Equity Policy*) (*refer to Children/families experiencing vulnerability and/or disadvantage Definition*).

Central Registration and Enrolment Scheme (CRES): CRES provides a single point for families to apply for multiple kindergarten services within a local government area, helping them secure a place that meets their needs and enabling funded kindergartens to work collaboratively with other services to engage vulnerable and disadvantaged families.

Central Registration System (CRS): Provides an equitable and transparent application and allocation process, enabling families to access local kindergarten services within a local government area.

Early Start Kindergarten (ESK): Early Start Kindergarten provides eligible children with 15 hours of free kindergarten each week led by a qualified early childhood registered with Victorian Institute of Teaching (VIT). ESK is available to children who are at least three years old by 30 April in the year they are enrolled to attend the program and are:

- from a refugee or asylum seeker background, or
- Aboriginal and/or Torres Strait Islander, or
- the family has had contact with child protection.

These children can also access free kindergarten the year-before-school through the ESK Extension Grant regardless of whether they have accessed ESK in the previous year.

Eligible child: as defined by the Victorian DE Kindergarten Funding Guide:

- a child who is at least four years old on 30 April in the year of attendance; enrolled for at least 15 hours per week or 600 hours per year in a Four-Year-Old Kindergarten; and not enrolled at a funded kindergarten program at another service
- a child who is at least three years old on 30 April in the year of attendance and is enrolled in a funded Three-Year-Old Kindergarten for a minimum of 5 hours per week
- any child that is enrolled in an early childhood and education and care service must have an AIR Immunisation History Statement that indicates that the child is fully vaccinated for their age or who qualifies for the 16-weeks support period

Enrolment: An enrolment occurs when the provider has an arrangement with an individual or organisation to provide education and care to a child.

Enrolment record: the collection of documents which contains information on each child as required under the National Regulations (*Regulations 160, 161, 162*) including but not limited to parent details; emergency contacts; authorised nominee; transportation authorisations, details of any court orders; and health information including immunisation status. Enrolment records are stored securely in the service due to their confidential nature.

Free Kinder: A Victorian Government Best Start, Best Life initiative providing Free Kinder programs for four-year-old and three-year-old children in funded services, that have opted into the initiative.

Free Kinder supports families to access a funded kindergarten program by:

- providing a free 15-hour program to 4-year-old children enrolled at a sessional service
- providing a free 5 to 15-hour program to 3-year-old children enrolled at a sessional service (subject to the length of funded program offered)

- offsetting the funded kindergarten program component of parent fees for 3 and 4-year-old children enrolled at a long day care service.

Kindergarten registration form: The process of families providing initial information about their child to confirm their intention to enrol in kindergarten, administered by the CRES/CRS Provider (*refer to Definition*) or by the kindergarten service. This includes collection of basic contact information, kindergarten preferences and any other details that may inform prioritised allocation in kindergarten

Support period: allows specific categories of children of families experiencing vulnerability and disadvantage to enrol and attend the service without an AIR Immunisation History Statement (*refer to Definitions*) or when the statement is assessed as not being up to date. Services complete the support period eligibility form with families during enrolment and keep a copy with each child's enrolment record. The 16-week support period starts on the first day of the child's attendance at the service. During the support period, the service is required to take reasonable steps to obtain the AIR Immunisation History Statement (*refer to Definitions*) and to encourage families to access immunisation services.

Local Government Area (LGA): a geographic area governed by a local council or shire.

Orientation: Process to support the child's transition to the service, whereby families spend time at the service with the child a few times before leaving the child on their own. The time required for orientation and settling in will vary for each child and their family.

Priority of access: in instances where more eligible children apply for a place at a service than there are places available, the service must allocate places using the criteria outlined in the DE Kindergarten Funding Guide (*refer to Attachment 1 and Sources*).

Registration: The process of families and carers giving initial information about their child to confirm their intention to enrol in kindergarten, administered by the service provider/EYM/CRES/CRS Provider. This includes collection of basic contact information, kindergarten preferences and any other details that may inform prioritised allocation in kindergarten.

School Readiness Funding: funding provided by DE for programs and supports that builds the capacity of kindergarten services, educators and families to support children's learning and development outcomes.

Second year of funded four-year-old kindergarten: second year eligibility may be considered when a child shows delays in key outcomes of learning and development. An assessment is carried out for each child by an early childhood teacher in Term 3 (the year before the child is to attend school) when a second year is being considered.

If all criteria are equal, positions will be determined by a computer-generated random allocation. Fulfilling the criteria for registration does not guarantee a placement at the kindergarten due to the excessive number of applicants.

Early Start Kindergarten and Three-Year-Old Kindergarten

During the roll-out of Three-Year-Old Kindergarten, Early Start Kindergarten (ESK) (*refer to Definitions*) will continue to provide 15 hours a week of funded kindergarten for all eligible children up until 2029, when three-year-old children across the state will have access to 15 hours

The Kindergarten Funding Guide 2023 states for ESK funding, service providers should:

- provide up to 15 hours in a kindergarten program free of charge and maximise access to 15 hours of kindergarten (children accessing ESK can be enrolled in a 3-year-old group, a 4-year-old group, a mixed age group or a combination of groups in order to access the full 15 hours per week)

Service providers are expected to continue to provide the full 15 hours funded through Early Start Kindergarten, even in instances where three-year-old groups are being offered fewer than 15 hours.

ESK is available to children who turn three years of age by 30 April in the year of enrolment and who:

- are Aboriginal and/or Torres Strait Islander
- have had contact with Child Protection
- have a refugee or asylum seeker background*

*Children/families without a current refugee visa or ImmiCard who have a recent refugee experience may be eligible by exception for Early Start Kindergarten, for more information contact your local Department of Education and office.

Refer to the Department of Education's website for up-to-date information: www.education.vic.gov.au

Government Pre-Prep Reform

From 2025, the Victorian Government will gradually transition Four-Year-Old Kindergarten to Pre-Prep, with programs increasing from 15 to 30 hours per week. Pre-Prep will be delivered through both standalone (sessional) kindergartens and long day care centres, led by qualified teachers, offering 4-year-old children greater opportunities to socialise and learn through play. By 2036, all children in Victoria will have access to up to 30 hours per week of funded kindergarten before school, including 600 hours of Three-Year-Old Kindergarten and 1,200 hours of Pre-Prep.

The rollout process will be as follows:

- 2026-2027: Priority groups will have access to up to 25 hours per week. These priority groups include children:
 - Who identify as Aboriginal or Torres Strait Islander
 - From a refugee or asylum seeker background
 - Who have had contact with Child Protection
- 2028-2029: Priority groups will have access to up to 30 hours per week. This includes the same groups from 2026-2027, with the addition to the priority group which include children:
 - who have (or have a parent or guardian who has) a Commonwealth concession card
 - from a multiple birth (triplets or more)
- From 2034: All children will have access to up to 20 hours per week.
- From 2035: All children will have access to up to 25 hours per week.
- From 2036: By this year, all children across Victoria will have access to up to 30 hours per week.

This reform is part of the Free Kinder program, ensuring all eligible children across the state benefit from high-quality early childhood education.

Note: DE's PoA guidelines are to ensure that kindergarten programs are available to those children who stand to benefit the most from attending early education. In mixed age groups, PoA guideline will equally prioritise three and four-year-old children that are considered high priority. Where programs for three- and four-year old children are provided separately, the PoA criteria will be applied separately for each age cohort.

In addition, if a PoA enrolment is submitted to St John's Kindergarten after the registration close date, the PoA application will assume first place on the waitlist and will be contacted if a place becomes available.

St John's Kindergarten also takes into consideration the Department of Education's general recommendation that children should begin kindergarten when they are 3 turning 4. Whilst parents with children born between January 1st and April 30th, and turn 3 within that period, are also given the choice to enrol their child for that year; the kindergarten will provide priority to children 3 turning 4 in the year they begin if enrolments are higher than expected.

In the event an enrolment, or part of the enrolment process, is brought into question under any circumstance, the Committee of Management holds the right to make the final decision on any enrolment or enrolment process, and will do so after deliberation. In the event the Department of Education makes changes or their policy and/or guidelines, in relation to any area regarding enrolments, St John's Kindergarten will adhere to the updated policy and/or guideline of the department until this policy has been renewed.

Second year of funded Four-Year-Old Kindergarten

- All children in Three-Year-Old Kindergarten will be expected to transition to Four-Year-Old Kindergarten in the following year. A funded second year of kindergarten will only be available for children in the Four-Year-Old Kindergarten program who meet the criteria.
- Families of children who have been determined as eligible for a second year must complete and submit a kindergarten registration form for a second year, signed and dated by the early childhood teacher.
- It will be weighted with the relevant points and allocated accordingly.
- A Declaration of Eligibility Form for a second year of kindergarten must be completed and submitted to the relevant funding authority.

Early entry to Four-Year-Old kindergarten

- Early entry to Four-Year-Old Kindergarten may be appropriate for some gifted children where families are seeking an early entry to school for their child i.e. the child will not be 5 years of age before 30 April in the year of school commencement.
- Early entry to school is approved only when exceptional circumstances apply and is subject to an application process and rigorous eligibility criteria. It is important to note that most children who enrol early in Four-Year-Old Kindergarten are not approved for early entry into school because they did not meet the eligibility criteria.
- The decision regarding early entry should be discussed with parents/guardians and consider the following:
 - Children are not guaranteed early school entry as a result of being enrolled to attend kindergarten early.
 - To start school early, the child must possess suitable academic ability as evidenced by a formal cognitive assessment, and be considered at risk of long-term educational disadvantage if they don't early entry to school.

School Exemption

- Children who will turn six during the kindergarten year must apply for an exemption from school from the relevant their local ECIB that their child is seeking an exemption from school by submitting an [Exemption from school due to attendance in kindergarten program form](#) to the appropriate departmental regional office by 1 November in the year prior to the child turning 6.
- The kindergarten service must sight the approved exemption form from relevant education authority and note that it has been sighted on the child's enrolment record. Data on the number of children attending Kindergarten who are six years plus, and confirmation that the exemption was sighted for each child, must be provided as part of funding data collection process.

- Children who will turn 6 while attending their second year of Four-Year-Old Kindergarten can be exempted from school if a Declaration of eligibility for a second year of funded kindergarten has been completed by the child's kindergarten teacher.
